

FIBERME

FBH32 / FBH32D Bluetooth BUSINESS HEADSET

FIBERME FBH32 series Bluetooth headset is a stylish cost-effective headset designed for business professionals to stay focused and productive in the office environment.

It is powered by Qualcomm cVc Echo Cancelling and Noise Suppression Technology, with crystal clear voices, and noise cancellation microphones to deliver high-quality and vivid speeches. It comes with direct connect Bluetooth or connect via a Bluetooth USB dongle (option) for easier setup and multifunction. It is ideal for users who have mobility requirements in the working environment.

Noise Cancellation

Use a Uni-Directional noise cancellation microphone together with the Qualcomm noise suppression processor to reduce the background noise greatly for better speech transmission
